Beyond Durable

Designed for the most demanding environments, our AC-4000, 5000 and 6000 series headsets and headphones can be rolled up, twisted, and bent completely backwards, without failing.

Nylon Braided TuffCord

Tangle-free and ultra-durable, our braided TuffCords can be coiled, flexed, or even chewed –all without sacrificing performance.

TuffCord

On select models

CA ESSENTIALS

RECYCLING PROGRAM

Let us help you properly recycle your broken or unwanted headsets! We take wired headsets, headphones, and earbuds from ANY BRAND.

All you have to do is gather up your broken or unwanted products and contact us for a pre-paid shipping label or a collection box. We will take care of the rest, ensuring that the discarded products are properly sorted and sent off to be reprocessed and reused responsibly. We have already donated more than 11,000 pounds of plastic for R2 certified recycling or community re-use and are committed to doing our part to help our planet.

Interested? Please reach out to us at recycle@cyberacoustics.com
